Starch, max	11.0	%	Biotin, min	0.5	MG/LB
Sugars, max	5.0	%			

INGREDIENTS

wheat middlings, soybean hulls, corn distillers dried grains with solubles, dehydrated alfalfa meal, soybean oil, molasses products, soybean meal, beet pulp, calcium carbonate, calcium phosphate, salt, L-lysine, sodium carboxymethylcellulose, zinc proteinate, DL-methionine, choline chloride, vitamin E supplement, manganese proteinate, propionic acid (a preservative), dried seaweed meal, copper proteinate, corn cobs, rice hulls, Saccharomyces cerevisiae yeast culture, silicon dioxide, brewers dried yeast, hydrolyzed yeast, ammonium hydroxide, natural flavor, artificial flavor, selenium yeast, acetic acid (a preservative), benzoic acid (a preservative), sorbic acid (a preservative), calcium pantothenate, niacin supplement, mineral oil, tartaric acid, verxite granules, thiamine mononitrate, L-threonine, menadione sodium bisulfite complex (source of vitamin K activity), cobalt proteinate, riboflavin supplement, vitamin A supplement, pyridoxine hydrochloride, soybean oil, vitamin B-12 supplement, folic acid, wheat bran, vitamin D-3 supplement, ethylenediamine dihydroiodide, biotin.

WARNING: This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper.

This product has been formulated specifically for horses and is not intended for other species.

Caution: Follow label directions. Feeding this feed containing added selenium at levels higher than recommended is not permitted.

FEEDING DIRECTIONS:

Feed Cool Command Controlled Starch Pellet to horses that require a low source of carbohydrates according to the chart below with good quality hay/pasture (1.0 – 2 lbs/100 lbs of body weight), free choice mineral and fresh, clean water.

Activity Level	Amount to Feed/Per Day (1000 lb Horse)
Maintenance	5.0 – 6.0 lbs
Performance Light	6.0 – 7.0 lbs
Performance Moderate	7.0 – 9.0 lbs
Performance Heavy	8.0 – 10.0 lbs
Early Gestation	3.5 – 8.0 lbs
Late Gestation	6.0 – 10 lbs

*Please note: These amounts are suggestions and may be adjusted according to forage quality, body condition and environment.

Hubbard does not use "Restricted-use Proteins" in their products and is in compliance with FDA and state requirements regarding the use, handling and storage of "Restricted-use Protein" products.
